Satellite Session on Drugs as Reinforcers, Baltimore, MD, June 3, 1978

ISGIDAR will sponsor a scientific meeting as a Satellite Session to the 1978 annual meeting of the Committee on Problems of Drug Dependence. The session will be held all day Saturday June 3 beginning with registration at 8:45 A. M. A business meeting will follow the paper session. Paper presentations are solicited. Send a 300 word abstract to Roland Griffiths no later than April 1. The satellite session will be held in the Downtown 1 and 2, Lord Baltimore Hotel. ISGIDAR annual dues of \$15 will be collected in the form of a registration fee at the meeting. The announcement for the CPDD meeting has already been mailed out. Additional copies and hotel information can be obtained from the Committee, 4105 Dunnel Lane, Kensington, MD 20795.

ISGIDAR Bibliography

In the last issue of the ISGIDAR Newsletter we included a bibliography form. The cooperation of the membership in returning these forms has been excellent. Consequently, included in this issue of the Newsletter is the first ISGIDAR Bibliography. We solicited a current list of papers published from 1976 on and in press on the behavioral pharmacology of

drugs of abuse. The status of these papers and the availability of reprints is included in the bibliography. P=Published, reprints are available, IP=In Press, reprints will be mailed when they are available, NA=Published, reprints not available. Addresses for reprint requests are also included.

A bibliography form is attached to this Newsletter. If you make it a regular policy to return this form to the Secretary of ISGIDAR as the results of your research are published, we will continue periodic publication of a new bibliography.
